SUMMARY:

For 26 years I have served as outside legal counsel for water utilities, holders of water rights, water districts, oil & gas companies, and other entities interested in real property. A large portion of my practice currently is related to regulatory matters at the Texas Commission on Environmental Quality, but I also advise clients on large acquisitions, corporate finance and securities matters, normal corporate operations and internal affairs. I am “AV” rated by Martindale-Hubbell. I also have 7 years experience as a construction engineer.
